

# The Paducah Evening Sun.

VOL. XXVII. NO. 110.

PADUCAH, KY., TUESDAY EVENING, MAY 10, 1910.

TEN CENTS PER WEEK

## BURLINGTON GETS RIGHT TO BRIDGE AT METROPOLIS

General Council Grants Franchise to Close Streets to Approach.

Illinois Central Clears Site For Station.

DICK FOWLER IS ANCHORED.

Metropolis, Ill., May 10.—(Special)—More evidence of the intention of the Herrin Southern (Burlington system) to build a bridge here over the Ohio river came to light, when the city council last night passed an ordinance, permitting the road to close the streets from the river to Eighth street, and build the approach to the bridge. The same right of approach to the bridge was granted the Illinois Central, and the right to build the new downtown station. Work is progressing on the Herrin Southern line, and the buildings have been wrecked on the site of the Illinois Central station near the river front.

Dick Fowler in Distress.  
When the Dick Fowler, which left Paducah at 8 o'clock this morning was within 2,000 feet of the landing here, some of her machinery broke down and she was unable to make the landing. She anchored in the stream and the engineer went to a local foundry to secure repairs. She was detained several hours. Passengers were landed in a launch.

BALLOON ASCENSION ONE  
OF FAIR ATTRACTIONS.  
Among the many attractions to be featured at the fair and races, given by the Paducah Fair association this year, will be a balloon ascension and parachute drop by Prof. J. P. Kernan, a well known aeronaut. Secretary Rodney Davis, of the association, received a letter from Kernan today, on tour from Louisville, and he probably will be secured, making one ascension each of the four days of the fair. The directors of the association are working hard to get good attractions to please the people and a record breaking crowd will be looked for.

The Paducah Manager  
Harry Cooper has been elected manager of the Paducah baseball team, and is busy now signing players for a try out with the club in the Kitty league. Cooper played in the Kitty league in the days of old and was ranked as one of the best. Since the days of the league he has been manager of the Murray & Wathen pool room. He is an experienced ball player and besides managing the affairs of the team will play a position. He knows a large number of ball tossers and expects to give Paducah a winning team.

SENATOR PILE'S NAME  
DRAGGED INTO HEARING

Washington, May 10.—The Ballinger investigation committee throtled an attempt to establish a connection between the election of Senator Piles, of Washington, and the appointment of Ballinger with political activities of the Guggenheim-Cunningham affiliation.

The house this afternoon adopted the resolution by Martin, of Colorado, calling on the secretary of war to transmit copies of all documents relating to the alleged purchase of Friar lands in the Philippines by the Sugar Trust in violation of the land laws.

## Chicago Market.

May—	High.	Low.	Close.
Wheat	1.15 1/2	1.11	1.14
Corn	.61 1/2	.61	.61 1/2
Oats	.42 1/2	.42	.42 1/2
Provisions	22.82	22.57	22.60
Lard	12.80	12.72	12.72
Ribs	12.62	12.50	12.50

Tobacco Sales.  
One hundred and twenty-five hogheads of tobacco were sold at the local salesrooms of the Planter's Protective association today out of about 150 offered. Leaf ranged from \$8.50 to \$13 and lugs from \$6 to \$8. Another sale will be conducted next week.

Dr. Dodd is Better.  
The Rev. M. E. Dodd, who was operated on Sunday for appendicitis, is improving.

## Festivities in Germany in Honor of Roosevelt's Arrival Greatly Curtailed Because of Dead King

British Cabinet Fears Conservatives Intend to Take Advantage of Truce—Are Closeted With George V.

London, May 10.—There are signs today of the collapse in the political truce between the Liberal and Conservative leaders, made to help King George. The Liberals accuse the conservatives of seeking to take advantage of the situation to strengthen their position. Premier Asquith called his colleagues informally this morning and visited the king. All the cabinet members tendered their portfolios to the king. They were returned as customary.

The king recognized the financial distress abroad in England. He showed this by failing to issue a general mourning order. Such an order at the time of the death of Victoria caused the resentment of the lower classes as it forced them to dress in black. George's order makes it compulsory only on the court, army and navy circles.

Physicians fear the widowed Queen may collapse and are urging her to take a vacation after Edward's funeral.

Roosevelt at Berlin.  
Berlin, May 10.—Because Roosevelt's train arrived on time, no one met him, except Baron Von Schoen, minister of foreign affairs. The Kaiser planned to have the imperial guard drawn up at the station to welcome and convey him to the American embassy in the imperial carriage. He upbraided those in charge of the reception. He was visibly affected by his Uncle Edward's death. Many social functions were cancelled as the result. The meeting of the great men at Potsdam was informal as will be the others.

The greeting of the Kaiser was extremely cordial. The Roosevelt remained some time at the palace and enjoyed themselves informally. The family albums of the Hohenzollerns, which are only shown to visitors on rare occasions, were inspected. Leaving the palace the Roosevelts motored to the embassy, where they remained as guests of Hill. The next meeting of the colonel and Kaiser will take place at the University of Berlin Thursday.

Police had considerable difficulty in keeping the crowd back from the roped pathway that led from the station, when it was known the Roosevelts had arrived. The Roosevelts enjoyed the joke of the absence of the imperial guard as much as Von Schoen was embarrassed. The trip to the embassy was without demonstration.

Although after the meeting between Roosevelt and the Kaiser today, the Kaiser took little part in his entertainment. Sir Edward Goschen, English ambassador, was told it would not be considered a breach of propriety for him to participate. A large part of the entertainment program is still to be carried out. The Kaiser won't attend Chancellor Bethman Hollweg's dinner tomorrow, nor the military maneuvers. The emperor's state dinner Thursday night has been cancelled. Roosevelt is still hoarse, but says he feels better.

French Representatives.  
Paris, May 10.—France's official representatives at the funeral of Edward will be Foreign Minister Pichon, Military Governor Dalstein, Admiral

## Aaron Tilley Feels He Has a Grievance

Aaron Tilley, proprietor of the house boat emporium at Metropolis landing, has what he considers a justifiable complaint at the injustice done him in the report that the principals in the Sunday fight at Metropolis were customers of his boat. Aaron says it is a trick of the Illinois bootleggers to drive him out of their territory, and he was surprised that the columns of a Kentucky paper should be used in aiding Illinois sellers to fight competition from this side of the river.

"I don't care what is said about me, if it is true," declared Aaron.

## THE WEATHER

The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page four.

FORSET FIRES.  
Duluth, May 10.—Dangerous forest fires are sweeping towards this city from the direction of Colbyville and Arnold. The situation is alarming. Word from Port Arthur, Canada, says fire is also raging there. An Iron Range passenger train dashed through the burning district during a lull in the wind this morning without serious injury. Passengers and crew for a time doubted whether they would make it safely.

Marquis, and Director of the Protocol Mollard, and a member of the ministry.

## THOMPSON TAKES APPEAL IN CASE

ALMSHOUSE KEEPER WILL DELAY PROCEDURE TO OUST HIM.

An appeal was filed in circuit court this morning by W. A. Thompson, who was deposed as keeper of the county almshouse by the fiscal court. He filed a certified copy of the record of the court removing him from office. Owing to the fact that the limitation for filing suits for trial at the May civil term has expired the appeal cannot be tried until the September term. It is Thompson's plan to delay the sheriff in executing the order of fiscal court until September, as his term of office will expire in October. The county officials say nothing about the filing of the appeal, and it is not known what steps will be taken to place T. N. Cartee in possession of the almshouse. It is probable that Cartee may bring suit in circuit court to force Thompson to vacate.

## Fountain Ave. Delegates

Delegates to the Paducah district conference of Methodist churches were elected last night by the congregation to represent the Fountain Avenue Methodist church. The district will be held in Arlington, July 18-21. The delegates are: C. W. Morrison, R. F. Fisher, C. C. Duval, A. J. Bamberg, J. M. Gentry, J. T. Powell, Silas Mitchell, E. C. Newman with alternates as follows: H. L. Wallace, E. K. Bonds, John V. Powell, and Charles A. Lee.

## CHIEF SINGERY GOES TO MEETING OF CHIEFS

Chief of Police Henry Singery has gone to Birmingham, Ala., to attend the national convention of police chiefs, which convenes tomorrow morning. This will be Chief Singery's first visit away from here since he has been head of the local department. He will return the latter part of the week. While in Birmingham Chief Singery will visit Mrs. Lum Thompson in connection with the recent murder mystery here. Any new clues in the identification of the dead boy and the apprehension of the murderer will be taken by him in working up the mystery.

## Aaron Tilley Feels He Has a Grievance

"but I won't stand for misrepresentation, and those fellows were no customers of mine. They may have been at my houseboat, but not last Sunday. They got their booze in Metropolis, and those Metropolis bootleggers spread the report that they had just returned in the Gladys in order to hurt me. They want to drive me out of business; they don't want me down there competing with them, and you fellows came out with your paper yesterday and helped them. I may have sold liquor to Metropolis people, but those fellows, who got in that Sunday were not my customers, and I wish you would put me right in this case. When I do things I don't mind what is said; but those fellows are trying to do me dirt, so they can have all the business down there, and it seems to me a Kentucky paper ought to stand up for its own people."

## INCREASE SHOWN IN POPULATION OF THE SCHOOL AGE

Teachers Complete Comparison With Report of Enumerators.

Colored Schools Take Day Off For Work.

MEANS MONEY FOR SCHOOLS.

Instead of a decrease in the number of school children in the city as the returns of the enumerators showed, there is an increase of 218 children over the figures of last year. Since the returns have been in the hands of Superintendent J. A. Carnegie by hard work the shortage has been overcome, and an increase of nearly \$1,600 added to the per capita due from the state.

The returns of the enumerators showed a total of 4,410 white children and 1,534 colored children in the city, which was an increase of 23 white and a decrease of 199 colored pupils over the figures of last year. Because of this fact that the enrollment showed an increase in attendance, Superintendent Carnegie believed that many children had been missed, and last Friday afternoon began a campaign to round in all of the children.

Teachers of every school reported names of children, said to have not been reported to the enumerators. These lists were compared with the lists of the enumerators by two clerks, while Truant Officer William T. Byrd verified all doubtful names. As a result of the work, today Professor Carnegie found 126 white and 268 colored children whose names were not secured by the enumerators.

In the colored lists there was a large falling off and yesterday the colored schools were dismissed and the teachers devoted the day to finding children not listed. How well the work resulted is shown that 268 colored pupils were found, which offsets the reported shortage of 199 and makes a gain of 69 colored pupils.

Among the white pupils a gain of 23 children was reported, but this was increased by 126 children. These figures made the white enumeration 4,536 and the colored enumeration 1,802, an increase of 394 names turned in by the enumerators. The report will be made to the school board tonight.

## CONFERENCE IS HELD AT CAPITAL

ANNOUNCEMENT OF KENTUCKY SLATE IS EXPECTED TOMORROW SOMETIME.

Washington, May 10. (Special)—The president, Postmaster General Hitchcock, Senator Bradley and Congressmen Langley and Bennett conferred about the Kentucky slate today and announcements, including appointments of Speight and Long are expected tomorrow.

Third Arbitrator.  
William L. Chambers, of Washington, was appointed third arbitrator of the controversy of railroads west of Chicago with the Brotherhood of Locomotive Firemen and Enginemen.

President Taft went into temporary retirement today, settling down to business. Trips to New York, Atlantic City, Ohio and Michigan were cancelled to permit him to be on hand while congress is in session.

Taft Bill Passes.  
Washington, May 10.—The Taft railroad bill passed the house this afternoon as reported from the committee of the whole. Mann, of Illinois, offered his amendment to re-establish the merger clause. It was defeated by a majority of nine. The vote passing the bill was 200 to 126.

Two of the bill's important sections are eliminated: the pooling agreement and the merger clause. Two features added, a long and short haul clause, and the physical valuation provision. President Taft says the measure is not emasculated in either house, and contains the remedial features of the original. Things omitted are neither substantial nor vital. Republican leaders are seeking to prevent the passage of members friendly to the passage. The Mann amendment was defeated in the house.

## Nearly Hundred Doctors Attend S. W. Kentucky Medical Meeting in Session at the City Hall Today

Program Goes Through Without Hitch, Save For Slight Delay—Smoker in Council Chamber Tonight.

Marked by a large and enthusiastic attendance, the fortieth annual meeting of the Southwestern Medical society was convened at 9:30 o'clock this morning in the council chamber of the city hall by President W. L. Mosby. The council hall was filled with the members besides nurses from Riverside hospital and several visitors.

Dr. G. T. Sullivan, pastor of the Broadway Methodist church, delivered the invocation and Vice Mayor Ed Hannan welcomed the medicals in behalf of the city. Dr. E. A. Stevens responded in behalf of the medical association.

The program for the morning session was carried out with the exception of Dr. P. H. Stewart's lecture on "The Surgery of the Gall Bladder." This was left until the afternoon session, owing to the short time caused by a delay in the morning. Dr. J. W. Meshew, of Barlow, read a paper on "Pneumonia" and gave a report of one of his cases. He was followed by Dr. Horace Rivers, of this city, who spoke on "Acute Intestinal Obstruction." Dr. Vernon Blythe discussed "The Value of X-ray in Diagnosis," and Dr. G. W. Payne talked on "Treatment of Post Puerperal Eclampsia." Each subject was earnestly discussed by many of the members.

The regular program is being carried out this afternoon. Tonight officers will be elected and the regular business disposed of. Also the next meeting place will be selected. The present officers are: Dr. W. L. Mosby, president; Dr. J. S. Davis, first vice president; Dr. W. W. Richmond, second vice president; Dr. C. E. Purcell, secretary; Dr. C. H. Brothers, treasurer; Dr. R. T. Hoeker, historian.

After the session tonight the visiting physicians will be treated to a smoker by the McCracken County Medical society in the council chamber. This will take the place of the usual banquet.

Those Present.

All southwestern Kentucky's medical profession is represented here today. The physicians began arriving early this morning and more are expected here this afternoon. Those who registered today were as follows:

Drs. Bob Overby, La Center; J. F. Stone, LaFayette; H. H. Melton, Wick Liffe; H. F. Williamson, Paducah; B. A. Washburn, Paducah; E. A. Stevens, Mayfield; J. M. Beeler, Clinton; W. Z. Jackson, Arlington; D. H. Ray, Paducah; R. F. D. No. 1; Robert L. Rings, Water Valley; J. Edwin Craig, Paducah; J. T. Reddick, Paducah; S. Z. Holland, Paducah; L. D. Boaz, Harris, Tenn.; E. L. Thomas, Benton; R. T. Hoeker, Arlington; V. A. Stille, Benton; H. T. Rivers, Paducah; W. W. Richmond, Clinton; William L. Mosby, Wingo; J. W. Meshew; H. C. Redwine, Symsonia; D. S. Robertson, Symsonia; W. A. Page, Barlow; S. M. Morris, Bandana; G. N. Murphy, Paducah; James A. Helm, Metropolis, Ill.; J. F. Hahn, Woodville; H. U. Usher, Oscar; W. B. Stokes, Farmington; W. A. Ashbrook, Gage; W. J. Bass, Paducah; C. E. Kidd, Paducah; O. R. Kidd, Paducah; I. G. Otey, Melber; R. C. Gore, Lone Oak; J. A. Jones, Calvert City; G. L. Thompson, Lovelaceville; J. F. Dunn Melber; E. B. Williamson, Paducah; G. M. Payne, Bardwell; H. G. Reynolds, Paducah; E. B. McMorris, Clinton; J. B. Manor, La Center; Frank Bolyd, Paducah; J. G. Brooks, Paducah; G. K. Bryan, Fulton; C. P. Burnett, Paducah; W. C. Eubank, Paducah; W. T. Graves, Paducah; Vernon Blythe, Paducah; C. H. Linn, Kuttawa; J. B. Payne, Bandana; W. G. Kinsolving, Eddyville; G. C. McKinney, Paducah; L. E. Young, Paducah; N. W. Hilton, Paducah; J. D. Robertson; H. P. Sights; C. E. Purcell, Paducah; P. H. Stewart, Paducah; R. E. Hoarne; Della Caldwell, Paducah.

W. H. Parsons, Paducah; A. E. Goodloe, Little Cypress; O. A. Edleman, Sharp.

National Health Bureau.

On motion of Dr. W. W. Richmond, of Clinton, Ky., the association this morning unanimously adopted resolutions urging the organization of a national health bureau. Petitions signed by the membership here today will be sent to Congressmen Thomas Paynter and Olie M. James and Senator W. O. Bradley, asking the adoption of the bureau and pledging the support of the Southwestern medical society. Another petition will be sent to Senator Owens, of Oklahoma, who introduced the measure before congress. The association thinks human life should come first and even before the

DAWSON SCARE.  
Dawson, Ky., May 10. (Special)—Negroes are much excited here. A proclamation was posted ordering all to leave. It bore the skull and cross bones.

conservation of the natural resources and other bills.

Will Attend Circus.  
The meeting here will be adjourned tomorrow afternoon late, and most of the physicians will attend the circus if they are not called home on urgent business. As expected this is one of the most successful meetings and some excellent papers have and will be presented.

## Bribery Conference

Chicago, May 10.—Representative Beckmeyer is in conference with Wayman here in connection with the bribery scandal.

## Rescued by Patrolman

Frank Howell, a messenger for the Western Union Telegraph company, had a narrow escape from serious or fatal injuries yesterday afternoon about 5 o'clock at Fourth street and Broadway when a cab struck his wheel and knocked him down. Patrolman H. H. Doyle pulled him out of danger before the cab wheels rolled over him.

## Licenses Inspector III

City License Inspector Robert Hicks, who has been confined to his room at the Sanders residence, Fifth street and Kentucky avenue, for several weeks with acute rheumatism, is in a serious condition and will probably leave tomorrow for Martinsville, Ind., for treatment. He will be accompanied by his cousin, County Attorney S. E. Clay, as he is unable to go by himself.

## SCHOOL BUILDING IS STRUCK BY LIGHTNING

The faculty and about 15 children of the Franklin public school building, 1350 South Sixth street, were thrown into a panic at 12:30 o'clock this afternoon when lightning struck the cupola of the building. The teachers were eating lunch together with several pupils, who remain at school at the noon hour, but none was injured. The cupola was struck by lightning two years ago and wrecked.

Writer of Dime Novels Ill.  
San Jose, Cal., May 10.—Eugene Sawyer, creator of the dime novel heroes is critically ill of pneumonia.

## HYDE DENIES ALL CHARGES OF STATE

CROSS-EXAMINATION OF DEFENDANT IS BEGUN TODAY.

Kansas City, May 10.—Dr. Hyde resumed the stand this morning. They may close the trial today for the murder of Colonel Swope.

The direct examination of Hyde ended this morning. He flatly denies all accusation of the state. His cross-examination has started. Hyde testified that he went to New York and met Lucy Swope at the suggestion of her mother. He didn't remember giving her water from a private drinking cup. The state alleges he poisoned her with typhoid in this manner. He said he never used cyanide of potassium as medicine and never gave it to anyone as poison.

Under cross-examination Hyde testified that there was nothing unusual in the purchase of cyanide to impress the occasion on the memory. He said he purchased the drug from only the one store for distinct purposes. The store and records afterwards were destroyed by a fire of mysterious origin. The state's attorney's case was strengthened by damaging admissions of Hyde. The cross-examination was continued this afternoon.

ATTENTION, FARMERS!  
Read the Home Course on Live Stock Raising, Which is Found on Page Seven Today.

## REVOLVER FOUND IN BOOTLEGGER'S CELL IN THE JAIL

Cicero Anderson Had Another Saw Concealed in His Cell.

Complete Equipment For Delivery.

CAREFUL SEARCH WAS MADE.

Another attempt at jail breaking from the county prison was frustrated yesterday afternoon when a loaded pistol was found concealed in the cell of Troy Dill, the bootlegger, who tried to escape early Sunday morning. In the hands of a desperate man like Dill, the pistol no doubt would have been used with good effect by prisoners in overpowering the jailer.

After the narrow escape from a jail delivery early Sunday morning, Jailer Henry Houser and his deputies began a careful search of the cells in the cage yesterday. Prisoners were searched, and every crevice examined carefully. In the cell of Dill, Deputy Jailer Charles Whittemore found the pistol. He had the weapon wrapped in a sock and concealed in one of his shoes. It was loaded with six cartridges, and was in good condition.

The investigation will be continued to ascertain who is responsible for the prisoners receiving such weapons, and if sufficient evidence develops, prosecution is threatened. It is a heavy penalty to aid a prisoner in any way to escape from prison.

After a further examination of the cell of Cicero Anderson, an old saw was found concealed in a crevice. He said he had the saw for several weeks, but had been able to make but little progress with it. When found the saw was badly worn as evidence that he had worked faithfully on a bar with it.

Prisoners Taken Away.

Eight prisoners convicted at the recent session of the criminal court were removed from the county jail this morning and taken to the state penitentiary at Eddyville, where they will begin serving their sentences. The most distinguished of the prisoners was Hiram Smedley, former county clerk, who is sentenced for five years, the longest term given at the last session of court, for uttering and publishing forged county warrants. Smedley appeared unconcerned this morning. He was not chained like the other prisoners, as the officials believe he will not make an attempt to escape.

Cicero Anderson, who tried jail-breaking early this week, left for his second visit to the penitentiary. He was sentenced to one year for malicious shooting. Oscar Baker will serve a sentence of one year for obtaining money by false pretenses.

The colored prisoners were: King Keeling, malicious shooting, two years; Joe Long, false swearing, one year; Ed King, malicious shooting, 18 months; Pete Harris, malicious cutting, two years; Shelly Ward, housebreaking, two years.

No trouble was experienced with the prisoners this morning. They were handcuffed and tied together with a rope. The usual crowd of friends was present to give the prisoners the last farewell. The prisoners left on the 11:25 o'clock train and reached the penitentiary early this afternoon.

Deputy Sheriff Charles Clark was in charge of the prisoners and he was assisted by the following special deputies: Lorenzo Emery, John Theobald, Sr., and Roy Lee. They will return tonight. It was the smallest delegation that has made the trip to the penitentiary in several years. Mann Clark left early this morning for Lexington with Joe Doyle, who was given one year in the reform school for robbery.

Selling to Minors Charge.

Arrested on sixteen bench warrants charging a violation of law by selling liquor to minors, John Pace and his brother, Irvin Pace, were arrested last night by Deputy Sheriff Charles Clark. There were eight indictments against each defendant returned by the last grand jury, and the bond for each warrant was \$75, a total of \$1,200. Being unable to give bond they spent the night in jail last night, but this afternoon arranged to execute bond.

The two brothers keep a saloon and grocery at Fifth and Norton streets, and are alleged to have sold liquor to a number of minors. Both are well known in the south part of the city, and maintain they are innocent.

**AYER'S HAIR VIGOR**  
 Hair falling out? Troubled with dandruff? Want more hair? An elegant dressing?  
 Ingredients: Sulphur, Glycerin, Quinine, Sodium Chloride,

## Why Do You Do It?

Why do you buy cheap whiskey bottled in bond only 4 years old and pay \$1.00 per quart, when you can buy Ragan's Special, made in spring 1903, 7 years old, at \$1.25 per quart? We have the same whiskey in barrel at \$1.00 per quart. This whiskey is made by the Anderson Distilling Co., one of the best distilleries in the state of Kentucky. Don't buy cheap compound whiskey; it shortens your life. We handle nothing but absolutely straight whiskeys, full measure bottles. If you try us once we will make a lifetime customer out of you. Now don't forget the place, 115 South Fourth street, Paducah, Ky.

**L. B. RAGAN,**  
 Manager.

We handle the most wholesome beer brewed, Branded Common. Try it.

### La Center vs. Kevill.

One of the hottest games of the season was played Sunday afternoon in La Center between the La Center and Kevill baseball teams. At the end of the fray the Kevill team was the victor by a score of 11 to 3. Martin pitched a steady game for Kevill and was accorded good support, while Wand likewise did splendid work for La Center, but his teammates made a few wobbles at critical moments.

The teams lined up: Kevill—Street, c; Martin, p; Osbourn, 1b; West, 2b; Pollock, 3b; Penn, ss; Haddock, if; Hook, cf; Harrison, rf. La Center—Jones, c; Wand, p; P. Shaw, 1b; B. Shaw, 2b; Mays, 3b; Webb, ss; Shelton, if; Feast, cf; Rascoe, rf.

Score—R H E  
 Kevill ..... 11 8 3  
 La Center ..... 3 2 6

### Amateur Games.

The Evening Sun desires to receive reports from all amateur baseball games played in the city or vicinity, and will print the games. As soon as possible after the game send an impartial account of the game including the features, runs, hits, errors and batteries of both teams to the Sporting Editor of The Evening Sun. All games must be received as early in the morning as possible.

 THE AMERICAN TOBACCO CO.

the Paducah baseball association yesterday afternoon it was decided to wait until after the decision of the league in regard to six clubs before making further plans. It has been arranged to give a number of players tryouts on the team. Wednesday will be the day for a decision in regard to the six clubs, and a meeting will be held later in the week. Arthur E. Bailey, of the local newspaper fraternity, was elected official scorer of the Paducah club.

**Hopkinsville Players.**  
 Several players have already been signed for the local club and they have been ordered to report for duty here on next Monday morning, May 16. As yet the manager has

not been signed but Secretary Abernathy has a man in view who he believes will be the person this club is after and he expects to secure his signature to a contract within a day or two. Among those who have already been signed are Clarence You, of Altoona, Pa.; Charles E. Patterson, of Monticello, Md.; M. J. Priest, of Nashville; Frank Diamond, of New Lexington, O.; Milton Reiser and Aud Odom. Other contracts are out and several more signatures are expected at any time. Some local players have expressed the intention of trying for the team and as there is a good timber hereabouts there is no reason why they should not make the team.—New Era.

Only One "BROMO QUININE," that is **Laxative Bromo Quinine** *E. W. Grove* on box. 25c  
 Cures a Cold in One Day, Grip in 2 Days

## Gas Ranges

We are taking this opportunity of telling our present and prospective patrons that we have a carload supply of 1910 Ranges that sell for from \$16.50 to \$50.00. We will sell any of these on the payment plan, or will allow 10 per cent discount for cash.

We also have a number of second hand Gas Stoves, all in excellent condition, that sell at from \$6.00 to \$15.00 cash price.

Set your price and we'll find a stove for you.

## Electric Flat Irons

We are putting out the newest type Electric Flat Irons on 30 days' trial. They are going fast, too. Let us send you one. It will cost you nothing unless you wish to buy it.

Electric Irons are very popular, and we are sure that once you have tried one you'll never be able to do without one.

Just telephone tomorrow and we will send one out.

## Heating Appliances

We have a very attractive array of Electric Cooking Devices and Heating Appliances, such as Coffee Percolators, Chafing Dishes, Toasters, Tea Kettles, Curling Irons, Curling Iron Heaters, Hot Water etc., and will be glad to show them to you and explain their convenience at any time.

## Hylo Lamps

We have put in a large supply of these turn down lamps and can supply them to our customers. They cut the light from 16 to 1 candlepower and save you 80 per cent of the current consumption when turned down. They are indispensable in bath rooms, halls, nurseries and in all places where you want a light all night. To save current get a HYLO.

## Tantalum and Mazda Lamps

The Tantalum and Mazda are getting very popular because they are great current savers. Just think of getting twice and three times the light without increased cost of current. The first cost of these lamps is small compared with the current they will save you. We are selling more and more of these lamps every day. Have you tried them yet.

# Our Commercial Department

Has been organized to take care of the wants of our patrons, and we will consider it a favor if you will come to our office or call us by telephone, and ask us questions about anything you do not understand. You will be received courteously and your wants will be cared for. We do not necessarily want you to buy—come in and ask us questions. You may learn something you never knew before, and we want to get better acquainted with you.

**THE IDEAL LOCATION**

For That New Home is In

**Beautiful Gregory Heights**

No matter what character of home you build, the location will mar or  
make its attractiveness. Gregory Heights is truly the ideal location in  
Paducah for a home. High, rolling ground that is easily drained; off,  
away from the dirt and grime and noise of the city; with the street car  
at your door; pure, bracing, health-giving fresh air in plenty, ALL the  
time; these are but few of its attractions. . . . .

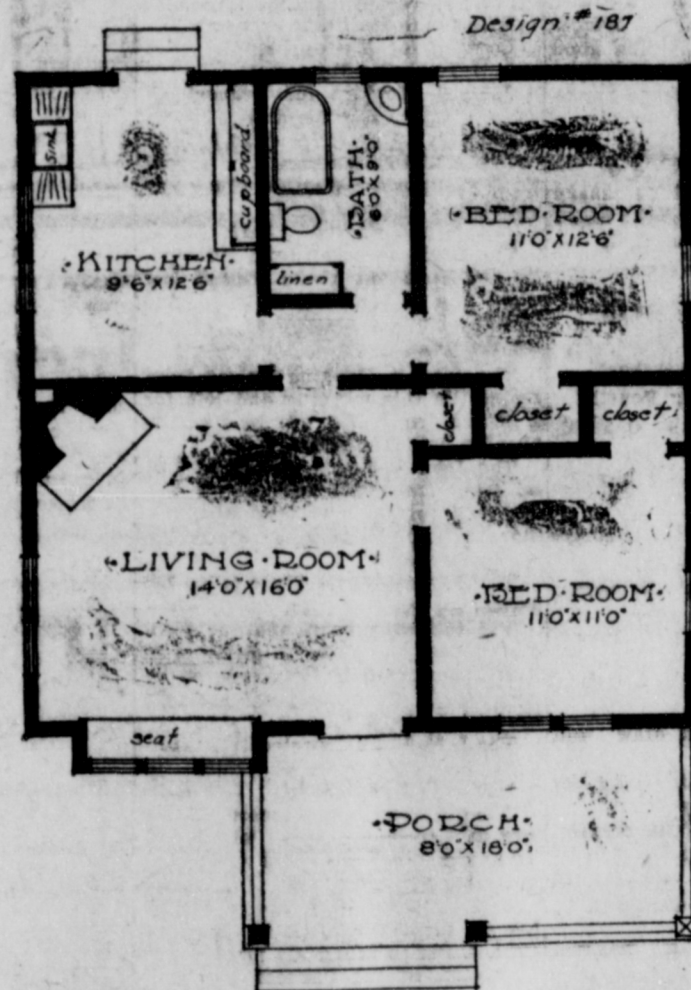

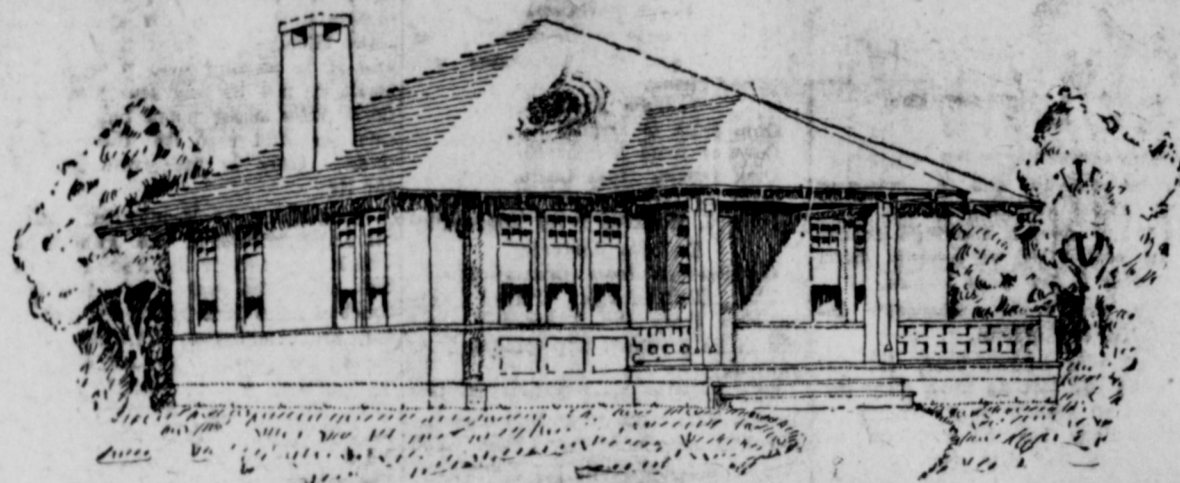

**WE SELL ON EASY TERMS AND REASONABLE PRICES**

and should like to show you what we have for YOU.

**HINTS FOR PROSPECTIVE BUILDERS**

This is a great era of home-building in Paducah. Everybody seems to be realizing that the best  
home is a home they own and have built as they want it. For the benefit of our readers who are con-  
sidering building and are still undecided as to the style or price of home to build, we are, each week on  
this page, showing original, attractive and practical illustrations of modern moderate priced houses that  
will offer helpful suggestions and give a fairly accurate idea of what it will cost to build.

—FLOOR PLAN—

**A Clever Little Bungalow for \$1,000**

To the prospective home builder interested in the bungalow type and desiring something modest in  
style and cost, this plan today will no doubt be of interest.

It is for four rooms and bath. Size of house 22x30 feet. The above estimate is based on a frame con-  
struction and includes plumbing, etc. Some attractive features of this plan are the large front porch and  
terrace, the well lighted and roomy living room with window seat and fireplace, the convenient arrangement  
of kitchen. The living room also serves as a dining room.

Complete plans and specifications, in duplicate, for building this house may be secured from this office  
for \$20.00. For alterations making additions or reversing plans a slight charge will be made, dependent  
as to the amount of extra work involved.

TUESDAY, MAY 10.

## Daily Thought.

He's a poor man who wastes his time and neglects his opportunities.

Roosevelt will be made a life member of the Turn Verein today.

The snail is slow; but he doesn't have to go home when his day's work is over.

Count Boni has fallen on evil days. He was defeated for the French assembly, after paying an assistant a large salary for kissing the babies in his district.

Some of our contemporaries make a great fuss over a Mother's Day, but somehow we can't understand the fellow, who has to take a day off to honor his mother.

Is it possible that the twenty-two story building in New York, which has become old fashioned in ten years, is old fashioned all the way up?

Roosevelt balked at the stupendous labor of shaking hands with 30,000 Americans at Paris. Does make some difference what district they live in and what a man is running for?

We call the attention of the new King George to the evidence that the daughters of the American Revolution are just as violently insubordinate in temperament as their ancestors were.

If Cicero Anderson expects to emulate with his mandolin the example of the Wisconsin prisoner, who won his freedom by writing poetry, he should be sure that he picks the same bar the other fellow is sawing. Otherwise, a turnkey with any ear for music will discover the discord.

## GOOD EVENING DOCTOR. COME IN.

If our pulse is a little fast this evening and our temperature above normal, it is merely the effect on our hospitable temperament of a visit from so many good looking doctors. We delight in the medical profession, especially since it has adopted the slogan of prevention of disease, hard upon the announcement of a raise in funeral rates. We like the doctor, and, aside from an unpleasant consciousness that he knows where all our bones are and can read all our habits in our faces, we enjoy his companionship in hours of good health. We never object to the size of his bills, when we are sick, and after we recover we cannot help realizing that he has earned the money by the time he gets it.

True humanitarian, doing more good work for the love of it and the love of his fellowmen—though doesn't always know it himself—than members of most any other calling in life, he risks his health, and life and limb day and night at the call of duty. We speak of the good, old fashioned family doctor, with his natural sympathy enhanced by a knowledge of human nature—the man who presided at our debut into this world, comforted mother when the first teeth came, counseled father when the first outbreak came, and knows more about us than we know ourselves. He's the fellow, who stands just a little closer to every member of the family than any other member does, holding the confidence of everybody on every subject: religious, financial, social, and domestic. Discreet, self-sacrificing, gentle, wanted in the hour of distress, welcome in the hour of joy, administering the last soothing touch to the weary body, the first to announce the arrival of a big boy, where would we turn for a human being to fill his place? May his order be perpetual, like the order of Melchizedek; may "doc" never fall under the influence of the cash consideration. We never could reckon his services in dollars and cents.

Enjoy yourselves, doctors, while you improve your knowledge. We think we have a pretty good hospital; it's yours to learn more for the benefit of the rest of us. Only remember, like Baron Chevalier, we do not employ doctors to interfere with our lives; but to keep us well, so we can do what we please.

## WHO IS AT FAULT?

Cases of corruption, like that in Illinois, in which three Democratic legislators have confessed to receiving \$1,000 each for electing Lorimer to United States senate, reveal the most disgraceful failure of responsibility on the part of the voters of the state. Voters, who will support a drunken bum, like White, the first to confess, proves himself to be,

## LIFE OF NEW ENGLISH KING.

George Frederick Ernest Albert, king of England, is in his forty-fifth year, having been born in Marlborough House, London, June 3, 1865. He was christened by his grandmother, Queen Victoria. He was called George after the Duke of Cambridge, the Crown Prince of Denmark; Ernest after the Duke of Edinburgh; and Albert after the Prince Consort.

He held the titles of Prince of Wales, Duke of Cornwall and York, Duke of York, Earl of Inverness and Baron Killarney.

George was known as the "Sailor Prince," for, being the second son, it was not to be supposed that he would ever ascend the throne, the heir being Prince Albert of Wales. The latter, however, who was called "Collars and Cuffs," was stricken with influenza and died in 1892.

## Married Brother's Betrothed.

The death of Prince Albert on the eve of his marriage with Princess May (Victoria Mary, daughter of the Duke of Kent), made Prince George heir apparent, and he succeeded not only to the prospect of a throne and the various titles of his elder brother, but also to the latter's intended wife. Prince George and Princess May of Teck were married as soon as a suitable period of mourning had elapsed.

Following this marriage the story went abroad that Prince George had already married a daughter of Admiral Tryon, of the British navy, and had two children by her. It was claimed they lived together openly at Malta, where the Prince was stationed there with the Mediterranean fleet.

Under British law, it is high treason for a commander to marry a member of the royal family without consent of the sovereign, and it is

don't deserve the right to vote at all. They knew he had no money and no visible means of support; they knew he was a booze fighter and no good; they knew his salary as legislator was scarcely sufficient to pay his expenses at Springfield; they knew that when the legislature adjourned he had sufficient money to take long expensive trips. Yet, they elected him again. The responsibility for legislative bribery rests at last on the people, who elect bribe takers to the legislature. The man, who would support a drunken bum to the legislature on his party ticket, in preference to a good citizen on the opposite ticket, is responsible for every evil thing in American politics, and if this nation fails to fulfill its mission among nations, he will be the cause.

Those men, who permitted the nomination of White and voted for him in order to elect a Democrat to the United States senate, accomplished two things: they defeated their purpose and the purpose of the Republicans; for the Republicans had nominated Hopkins, and White went back on his own instructions and aided bootlegging Republicans to go back on their instructions. Bootlegging politicians know no such thing as party loyalty for themselves. They recognize it only as binding on the voter, once they have control of the organization. The shame of this dreadful thing is not on Lorimer. He never was anything but the creature of the slaughterhouse district of Chicago: "The Jungle," where the disgrace rests on the constituents of White, and Link and Beckmeyer. Anyone gazing at the mugs of these three worthies as pictured in the Chicago papers, could size them up. It is only when one gazes into the intelligent faces of some of their constituents, that he wonders how such things can be.

## Some Stories Around the Town.

In Lexington the rural route carriers are experimenting with the small automobile as a means of transporting the mails. The tests were entirely satisfactory to the carrier who was enabled to complete his route in less than half the time required with a horse and buggy. The patrons of the route were also pleased as they received their mail early in the morning, whereas usually the mail was not delivered until afternoon near the end of the route. Most of the carriers are required to keep several horses, and from the experiments it is cheaper to maintain a small gasoline car than feed the horses and pay other expenses.

Will alfalfa solve the problem of the high cost of living? This great product from the west threatens to lower the price of feed by opening a new line of usefulness. One enterprising firm has made a food called alfalfa biscuit, and recommends it to supplement the breakfast foods. Samples of the food have been received in Paducah, and the biscuits are said to be really palatable as well as nourishing. Owing to the extensive crops raised in the southwest the product can be obtained cheap, and furnished in the biscuit form at a moderate price to the suffering consumer.

"Say, boss, can I get my money back on his license?" inquired a negro several days ago at the county court house. Deputy County Clerk Clerk Herman A. Katterjohn looked

said the disgrace of the disclosure so preyed upon the mind of Admiral Tryon that he went mad.

## Sought Death.

He lost his life in 1893 in the collision between the Camperdown and the Victoria, two battleships of the Mediterranean fleet, while the ships were maneuvering by column off the coast of Asia. Nearly 600 men were lost. It has been said that Admiral Tryon deliberately sought death, for it is known he gave an order to turn the ships when every one present knew it was impossible without disaster.

Before Prince George married the Princess of Teck he was officially divorced from his commoner wife by the Archbishop of Canterbury and Lord Chief Justice Coleridge.

His former wife was provided with a suitable fortune, and it is said has since married an officer of the British army and is now living with him in Canada.

## Childhood and Youth.

Most of the childhood days of Prince George were passed at the country estate of his father, Sandringham, in Norfolk, with his elder brother. They lived the healthy, out-of-door life of an English gentleman's sons, with the Rev. J. N. Dalton as their governor.

In their childish pastimes the younger boy was the leader. Prince George always enjoyed good health, which was denied Prince Albert Victor.

Prince George was first in boyish pranks, in the rides over the fences, in swimming, boating, cricket. Prince George's pony was named Swift, while that of his brother was called Slow Coach.

For the first eighteen years of their lives the brothers were not separated for a single day. They were strongly attached to each other.

up in surprise to see a grinning young darkey standing at the desk, and handing over a marriage license that he recognized as having been issued only a few days before.

"Why, what's the matter?" inquired Mr. Katterjohn.

"Don't you know, boss, dat gal dun went and left de town after she promised to marry me. When I went to claim her she was nowhere to be found and dey give me de hose laff."

"Sorry for you, but it's too late to refund the money now," sympathized the deputy clerk. "It's good for any number of years and maybe you can find her and persuade her to carry out the contract."

"Well, guess dat's the best. If I meets dat gal in the middle of the big road I'st just gwine to make her marry me," threatened the negro as he departed with his license.

## Kentucky Kernels

J. M. Berry dies at Owensboro. Fulton prepares for big Fourth.

J. F. Edmiston, Crab Orchard, dies.

Col. C. W. Courts dies at Russellville.

W. D. Givens, Providence, a forty-nine, insane.

Wet and dry fight over Princeton school board.

Former Congressman A. D. James, at Penrod, better.

Frank Chestnut, of Elkton, killed in a runaway, dies.

Country teachers will draw full pay by middle of June.

John C. Mayo, millionaire of Paintsville, for McCreary.

Six hundred take part in organizing new lodge, K. C., at Frankfort.

Railroad commission orders I. C. to rebuild all stations destroyed by night riders.

M. U. Lamb and R. S. Beadles, Fisher men, tipped for postmaster at Princeton and Fulton, respectively.

## BAPTISTS

CONVENE AT BALTIMORE TOMORROW MORNING.

Southern Convention Will Be Attended By 200 From Kentucky.

Baltimore, May 10.—The Southern Baptist convention will begin Wednesday. It is expected that at least 200 prominent Baptist ministers and laymen from Kentucky will attend.

Dr. Powell, who is corresponding secretary of Kentucky, will submit his annual report, which shows that the state contributed \$40,000 to foreign missions and \$35,000 to the home board. During the year the Southern Baptists have raised \$500,000 for foreign missions. In 1882 the amount contributed to the same cause was only \$50,000. Reports will show that \$336,000 was contributed to home work in the southwestern states, where there are 3,000 churches without houses of worship. It is believed that the \$600,000 endowment fund for the Southern Baptist Theological seminary will be completed at the convention. More than half of this amount has already been raised. About 2,000 delegates and 4,000 visitors will be present.

## River Forecast.

The Ohio will continue falling at this point and the Tennessee will continue rising.

## Today's Arrivals.

Ohio from Golconda.  
Cowling from Metropolis.  
Dick Fowler from Cairo.

John L. Lowry from Evansville.  
John S. Hopkins from Evansville.

## Today's Departures.

The gasoline boat James R. left for the Tennessee river this morning and will return Sunday with 200 tons of muskrat shells for Brookport.

Dick Fowler for Cairo.

Ohio from Golconda.  
Cowling from Metropolis.

I. N. Hook for Tennessee.  
John S. Hopkins for Evansville.

## River and Weather.

Gauge at 7 a. m. read 16.1, indicating a rise of one-tenth of a foot since yesterday. Weather clear and warm and business good.

## Hoard on the Wharf.

The Clyde returned from Metropolis and Joppa at 10:30 o'clock last night and is receiving freight. She leaves tomorrow evening at 6 o'clock for the Tennessee.

The John S. Hopkins arrived from Evansville this morning and left for a return trip. She will be the Evansville boat Thursday.

The John L. Lowry arrived at 7 a. m. from Evansville with a big trip and will remain over here until tomorrow before making a return trip to Evansville.

The towboat Little Clyde is up the Tennessee loading ties.

The following boats are due from the Cumberland river Thursday with ties: Margaret and Henrietta, of the Ayer & Lord tie company and the towboat Lyda.

The I. N. Hook departed this afternoon for the Tennessee river to bring out a tow of ties.

The big excursion steamer "J. S." now at Lynchburg, Miss., will arrive here next Wednesday and will carry out a big excursion.

Capt. Will Edwards, one of the pilots on the Clyde, is ill of measles.

Capt. Owen is filling his place.

Officials of the Paducah and Illinois Ferry company are busy arranging a schedule for the ferryboat G. W. Robertson, which will reach here the latter part of this week from Helena, Ark. She is almost completed. The ferry will make daily trips to Livingston point, Owen's landing and to Brookport.

## RAILROAD NOTES

Mr. J. D. Marley, of the store-keeping department of the Illinois Central railroad, has returned from Water Valley, Miss.

Engineer A. E. Mercer has gone to Detroit, Mich., to attend the National Meeting of the Railroad Engineers association. He will be gone for about two weeks.

Mr. J. M. Callahan, general foreman at Central City, was in the city yesterday on business.

Mr. John Clark, of the store-keeping department, has gone to Natchez, Miss., on business.

## ATTEND CONVENTION.

Arlington, Ky., May 10.—The following parties, Rev. W. C. Taylor, Messrs J. H. Payne, Paul Neville and Pick Neville; Messdames Fannie Taylor, J. H. Payne and Julia Neville; Miss Verna Neville of this city; Rev. J. E. Glum and Rev. Carrie Cother, of Bardwell and Rev. W. J. Dennington left Monday for the Southern Baptist convention at Baltimore, Md.

They will be away two weeks and will visit New York, Philadelphia, Pittsburgh and Washington.

## N. Y. CENTRAL MAY COME HERE

SOUTHERN LUMBERMAN PUBLISHES RUMOR.

Tennessee Central to Be Connecting Link in System to Gulf of Mexico.

## MAY CROSS AT METROPOLIS.

By a change of ownership of a small railroad in the south it is rumored that the New York Central is outlining a route to the Gulf of Mexico, which will come to Hopkinsville and Harriman, Tenn., possibly following part of the proposed route of the Burlington route, crossing the river at Metropolis, and connecting with the proposed T. C. extension to Paducah. The Southern Lumberman says:

The road running from Hopewell, Ala., to Tallapoosa, Ga., has been purchased, it is said, for associates of Mr. W. C. Brown, president of the New York Central railroad. This follows closely upon the recent purchase from the estate of Russell Sage of the control of the Chattanooga Southern, which runs from Chattanooga to Gadsden, Ala., by Mr. Newman Erb and Mr. W. C. Brown. These purchases have brought out the rumor that the New York Central is extending its Ann Arbor line from Lake Michigan to the Gulf of Mexico and it is coming into the southern territory not by any traffic arrangement with other lines but over its own rail and with its own equipment. Here is the route laid out for it:

"Beginning at Frankfort, Mich., on Lake Michigan, the Ann Arbor, which is owned by the New York Central splits the state of Michigan, touches Lake Erie at Toledo and Detroit and terminates at Ironton, Ohio, on the Ohio river. From there a connecting link will be built to Hopkinsville, Ky., a short distance to connect with the Tennessee Central which extends to Harriman, Tenn. The latter line has been acquired by the same interests. It will be necessary to build another line to get into Chattanooga, where the Chattanooga Southern will be picked up and followed to Gadsden. With two short links on each end of the Vanderbilt road the line will reach Columbus, Ga. At Columbus the plan is to use the Georgia, Florida and Alabama to Appalachicola and the trick is accomplished. The line from the frozen north to the tropics will be almost a straight shoot through producing territory. Negotiations are now under way for the purchase of the road from Columbus to Appalachicola.

"Once the line reaches Appalachicola, and even before, the development of the harbor and arrangements for the steamship line to the Orient will begin. Several years will be necessary for the accomplishment

## WHITE PLAGUE

CLAIMS ANOTHER VICTIM HERE THIS MORNING.

R. H. Williams Will Be Taken to Clarksville, Tenn., for Burial.

R. H. Williams, 50 years old, died at Riverside hospital at 6 o'clock this morning after a lingering illness of tuberculosis. He was admitted to the hospital during March and gradually sank. C. E. Williams, of 122 East Fifth street, New York City, is a brother and he was notified this morning. The body was taken to Nance & Rogers undertaking establishment at Sixth street and Broadway and embalmed and will be sent to Clarksville, Tenn., at 2:30 o'clock tomorrow afternoon over the N. C. & St. L. railroad. The body will be buried in that city.

**Funeral of John W. Miller.**  
The funeral of John W. Miller was held at 2:30 o'clock this afternoon at the residence, 1165 North Third street, the Rev. R. W. Chiles, of the Union Rescue Mission, officiating. Burial was in Oak Grove cemetery. The pallbearers were as follows: J. C. Maret, Rodney Graves, William Hoffman, W. H. Force, Clarence Ingram and George Hannan.

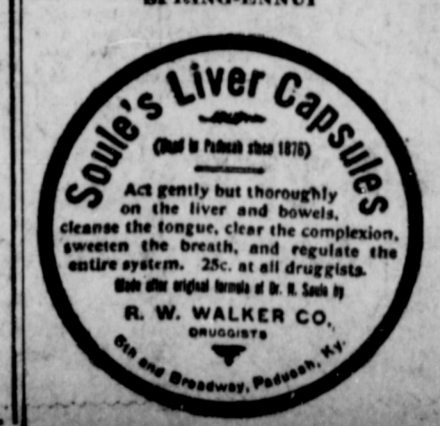

**Funeral of William McKewin.**  
The body of William McKewin, who died Sunday at Springfield, Tenn., will not arrive here until tomorrow morning at 1:22 o'clock. It will be taken in charge by the Woodmen of the World lodge and buried in Oak Grove cemetery. McKewin was a former car repairer of this city for the N. C. & St. L. railroad.

**In Bankruptcy.**  
William H. Falkner and Lubie Falkner, farmers, of Pryorsburg, Graves county, filed separate petitions in bankruptcy in federal court today. The liabilities of the former are \$471 and the latter \$269. Neither has any assets.

## A New HOSPITAL For Pipes

Pipe Smokers of Paducah are going to be mighty glad to learn of the establishment of our new Pipe Hospital, with its splendid equipment for pipe-surgery.

Pipes are old friends, worthy of the best attention you can secure for them—and we assure you of the most satisfactory service. Amber bits are quickly repaired when broken pipes are thoroughly cleaned and overhauled; in short, when you get them back, they're like new.

### IN SOCIAL CIRCLES

**In Honor Miss Winstead.**  
A delightful party of the afternoon was the bridge at which Miss Willie B. Asher entertained her club at her home on Baltimore place, in honor of her guest, Miss Corinne Winstead, of Paducah, Ky.

Red roses and ferns were prettily arranged in the house, the score cards were red poppies. The club and first prize were handpainted plates, the consolation a deck of cards, and the guest of honor was presented a pretty souvenir.

After the game delightful refreshments were served.

Miss Winstead was attractive in lavender silk gown trimmed with lace.

Miss Asher's gown was white cloth embroidered and trimmed with braid.

Invited to meet the guest of honor were 20 friends.—Atlanta Constitution.

**Attractive Musical Evening.**  
There will be a musical at the Tenth street Christian church tonight at 8 o'clock. The program will be: Instrumental solo—Miss Amanda Schoffner.

Piano duet—Misses Mary Lillian Moore and Nellie Keithley.

Recitation—Miss Elizabeth Wheeler.

Piano solo—Miss Gertrude Deckert.

Instrumental solo—Miss Ura McCarty.

Song—Charles E. Jennings, Jr.

Piano duet—Misses Florence and Luella Anderson.

Vocal quartette—Messrs. Calloway, Merrett, Duncan and Herdy.

Piano, violin and cornet—Miss Mary Bonduant, Messrs. Clark and Robert Bonduant.

Vocal solo—Miss Ethel Sights.

Piano solo—Miss Florence Anderson.

Piano duet—Misses Anna Belle Grainger and Ina Darnell.

Vocal solo—Mrs. W. C. Gray.

Recitation—Miss Helen Darnell.

Cornet solo—Mr. Roy Bond.

Vocal solo—Master Sanders Keithley.

Piano solo—Miss Anna Belle Acker.

Vocal solo—Mrs. Roy Gresham.

Piano, violin and cornet—Miss Mary Bonduant, Messrs. Clark and Robert Bonduant.

**Mardi Club.**  
Miss Elizabeth Boswell is hostess of the Mardi club this afternoon at her home in Arcadia.

**Senior Crescendo Club.**  
The Senior Crescendo club will meet Wednesday afternoon at 4:15 at Miss Newell's studio on North Seventh street. The club will study the analysis of two compositions which will be rendered by Misses Aline Utterback and Willie Mae Rascoe.

**Declaratory Contest.**  
This evening at 8 o'clock there will be a declaratory contest in the High school auditorium. Boys from Miss Mary Brazelton's literature classes of the eighth grades will take part. Mrs. E. G. Boone has offered a gold medal to the boy who does best. The following program will be given:

Our Flag (A. P. Putnam)—Reed Campbell.

Southwest from Bullfrom (Rufus Steele)—Mark Smith.

Vocal solo (selected)—Mrs. Lela Wade Lewis.

Contest in the Arena (from Quo Vadis)—Thomas Corbett.

Vocal solo (selected)—Richard I. Scott.

The New South (Henry Grady)—Joe Luftenberg.

**Beautiful Home Wedding.**  
Mr. J. W. Switzer and Miss Nannie Bagwell were married at the home of the bride, near Sharp, on Sunday morning at 10 o'clock. The Rev. S. B. Rudolph officiating. Only relatives and a few close friends of the families were invited. The house was most beautifully decorated with flowers and plants. The bride wore white silk trimmed with lace. They were attended by Mr. Arthur Switzer.

### Comfort and New Strength

Await the person who discovers that a long train of coffee ails can be thrown off by using

## POSTUM in Place of Coffee

The comfort and strength come from a rebuilding of new nerve cells by the food elements in the roasted wheat used in making Postum.

And the relief from coffee ails come from the absence of caffeine—the natural drug in coffee.

Ten days' trial will show any one—

"There's a Reason" for  
POSTUM

## NEAR DEATH SAYS MRS. ELLIS

An Arkansas Lady Suffered for  
Seven Years and Every Month  
Was Near Death but Now  
Is Stout and Well.

Poster, Ark.—"I was sick for 7 years," writes Mrs. Fannie Ellis, "and half the time could not stand on my feet. Every month I was very near death. I took Cardui, and in two months I was cured and am now stout and healthy. I was sick so long, that I won the sympathy of my friends; and they all ask me what cured me, for my looks are a testimonial to Cardui. I never fail to praise Cardui, for I can't recommend it too highly. It is a God-send to suffering women."

No matter how serious or long-standing the trouble, Cardui will help you, for it is a tonic remedy, especially adapted to bring relief from womanly ailments. There is a reason why Cardui is so exceptionally successful, after other medicines fail, and that is because it contains ingredients imported especially from Europe, on account of their specific action on the womanly organs. As the result of the experience of over 50 years, Cardui is now recognized as a medicine for women of real merit that can always be depended on.

Cardui has stood the great test of time.

Don't worry. Take Cardui.

brother of the bridegroom, and Miss Lena Bagwell, sister of the bride.

The bride is the third daughter of Mr. Albert Bagwell and is a beautiful and accomplished young lady.

Mr. Switzer is the youngest son of the late Dr. William Switzer, of Florence station, and is a popular and prosperous young man.

The young couple will reside at the old Switzer home on the Mayfield road.

**Lutheran Ladies' Society.**  
The Ladies' society of the German Lutheran church will meet tomorrow afternoon at the home of Mrs. Fred Kamleiter, 709 Kentucky avenue.

**Voight-Harman.**  
The marriage of Miss Minnie Voight to Mr. Frank Harman of Des Moines, Iowa, took place this afternoon at 3:30 o'clock at the home of the bride's parents, Mr. and Mrs. Charles Voight, 1023 South Fifth street.

It was a pretty home wedding, characterized by the utmost simplicity. Only the relatives and most intimate friends were present. No formal invitations were issued. The Rev. William Grother of the German Lutheran church performed the ceremony. There were no attendants. The bride was becomingly gowned in old rose cloth.

After the ceremony a four-course luncheon was served which was a prettily appointed affair.

Mr. and Mrs. Harman will leave at 6:10 o'clock for their home in Des Moines, visiting in St. Louis and other cities en route. The bride's going-away gown is a blue cloth coat suit with hat to harmonize.

The bride is an attractive young woman of the blonde type of beauty and is one of the most popular girls of the Southside. Mr. Harman formerly lived in Paducah and has many friends here. He is connected with a suburban railway in Des Moines, and is prominently known there.

Mr. F. A. Walters, 1309 Jefferson street, will leave Thursday for Louisville to attend the Christian Endeavor State convention.

Chief of Police Henry Singery is attending the session of the International Chiefs association, in Birmingham, Ala., this week.

Mrs. John W. Turner and two sons, Masters Drury and Baker, of Memphis, have returned home after visiting Mr. and Mrs. W. J. Hims.

Mr. Sam Ford, of Shelbyville, was in the city yesterday on business.

Captain Richard Morrow has returned to Denville, Tenn., after a visit to relatives in the city.

Mr. and Mrs. John Doyle of South Sixth street, left early this morning for Louisville to attend the races.

Mr. L. B. Ogilvie is spending several days at Dawson Springs.

Mrs. Frank Canada will arrive the day of the week to visit Mrs. J. C. Demert.

Mr. Maurice Lagerwall has returned to Memphis after a visit to his parents, Mr. and Mrs. A. F. Lagerwall.

Mr. John P. Mueller, of Kentucky avenue, has gone to Mound City, Ill., where he has a contract to paint the Steamer James Lee.

Dr. and Mrs. H. P. Linn, of Evansville, are visiting Mr. and Mrs. Dan McFadden, of Fifth street and Kentucky avenue.

Mrs. John Iseman and daughter, Miss Georgia Iseman, of South Sixth street, returned this morning from Memphis, where they were called by the illness of Mrs. Richard Helsey, who is improved.

Magistrate C. W. Emery is in Louisville on business. He will return tomorrow evening.

from Nevada, Mo., after a visit to relatives.

Mr. J. H. Coleman, of Murray, was in the city yesterday on business.

Rev. R. W. Chiles lost his spectacles, steel rims, in case, Sunday, somewhere between the Broadway Methodist church and the Union Rescue Mission and will be grateful for the return to him.

Mrs. Mary Tomlinson is in the city visiting family of Mr. Lucien Durrett, of North Seventh street.

Mrs. Tomlinson is en route to her home in Golconda, Ill., after spending several months in Viking, Fla.

Mr. J. C. McElrath, a prominent citizen of Murray, is recovering from his illness. His friends will be glad to learn that his condition is not as serious as first reported.

Attorney M. E. Gilbert left today for Murray on business. He will return Sunday.

Mr. and Mrs. Sam Ford were in the city yesterday visiting Mrs. M. D. Campbell, 719 Clay street. They were in the city en route from Cairo, Ill., to their home in Shelbyville.

Miss Artie Sanderson, of Lone Oak, has returned to her home after a visit to friends in Mayfield.

Mr. Sam Abell, night clerk at the Palmer House, returned yesterday from Smithland after a visit to relatives and friends.

**STRANGE SYMBOL**  
**ON HER FOREHEAD**

Denver, Colo., May 10.—A strange symbol carved on the forehead of Mrs. Katherine Watson, whose body was found yesterday jammed in a packing case in the basement of her home in a fashionable district, mystified the police. A search for a Japanese house cleaner, employed by Mrs. Watson, is being made.

## BLIZZARD POND

**CONTRACT LET FOR DRAINING BIG SWAMP.**

Caldwell Company Will Employ Big Ditch Digger On the Job.

The contract for digging the ditch to drain Blizzard pond has been awarded to the Caldwell Concrete company by W. L. Bower, ditch commissioner for McCracken county. Work will begin in a short time of digging the ditch as Mr. Caldwell will secure a machine from Chicago, and intends to push the work forward rapidly. When completed the ditch will drain a large area of swamp land and redeem many acres of fertile land. The lowest bid was 14 1/2 cents a yard, and the cost of the ditch, which will be paid on assessments, will be about \$6,000. Other bidders were: Baker & Overkamp, 18 cents a yard; E. B. Johnson, 24 cents a yard; W. L. Yancey, 20 cents a yard.

**MR. CON W. CRAIG LEAVES OFFICE FOR ROAD.**

To accept a position as traveling salesman, Mr. Con W. Craig has resigned his position as assistant freight and passenger agent of the city office of the Nashville, Chattanooga & St. Louis railroad. He has accepted a position with the Lax-Fos Medicine company and this afternoon left for Ozark, Ala., on his initial trip. He will travel in the southern states. Mr. Craig has many friends in the city among the railroad men who regret to see him leave the work. He has served as assistant freight and passenger agent for a year, and before going to the city of he was employed for seven years in the freight department of the Nashville, Chattanooga & St. Louis railroad. His successor has not been announced.

**Bleached Flour Loses.**

Des Moines, Iowa, May 10.—The bleaching process of the Shawnee Millian company was declared illegal and the patents null and void by Federal Judge McPherson, ruling in the "bleached flour case."

## REJECT PLAN.

Say It Is a Trap to Catch Them With.

Nashville, Tenn., May 10.—The independent judicial candidates issued a lengthy statement setting forth their reasons for declining to enter the primary of June 4, or give any heed to the tenders made by the state committee in its plan for a separate primary promulgated Saturday.

## Minnicoganashene.

A hard name to pronounce, called locally "Minnicog." This is a picturesque summer resort on one of the largest islands of the Georgian Bay, only 3 1/2 hours run by the Grand Trunk railway system from the city of Toronto, Canada, and beautifully situated among the 30-40 islands of that territory. Splendid hotel accommodation, good fishing, fine boating and not hay fever. Bass, trout, pickerel and pike abound. For illustrated descriptive matter and all information, write to W. S. Cookson, 917 Merchants Loan & Trust Building, Chicago.

When it comes to being charitable, most of us have wonderful self-control.

## Royal Arch Chapter.

For the purpose of receiving a number of petitions for degrees and setting a date for the degree team work, Royal Arch chapter No. 30, of the Paducah Masonic lodge, will meet at their hall at 7:30 o'clock this evening. There are about 15 candidates who are asking for higher degrees and the date will be fixed for some time next week. Candidates will come here from Benton and all the surrounding country. Tonight is the regular meeting of the chapter and routine business will be taken up.

## HESSIAN FLY IS A FEATURE

## BIG SPECULATIVE FEATURE OF WHEAT MARKET.

Deliveries Advance Under Insect Reports—May Oats Deliveries Light So Far.

## PROVISION VALUES HELPED.

Chicago, May 10.—Hessian fly occupied the center of the stage as the big speculative feature in the wheat market last week. Following a few scattered reports early in the week of the presence of the insect in wheat in various sections, the claims of damage later became more widespread, several being accompanied by buying orders. While the July and September deliveries advanced sharply under the influence of the insect reports, the May option advanced twice as fast as the other months because of buying and anxious shorts who feared a squeeze in that delivery.

Efforts were being made by Waterman, the Albany miller, who owns practically all the cash wheat in Chicago, and his friends to belittle the extent of the May wheat holdings of the former in this market. Despite these efforts the trade is well convinced that the total will easily reach 5,000,000 bushels or more, which is ample in view of the modest contract stocks here to make a great deal of trouble for the shorts. Evidences of the existence of a large May wheat holding were constantly creeping out to the surprise of the trade. It is quite natural for the big longs to quiet the apprehensions of the shorts until such time as it will be too late to bring in wheat from other markets to deliver on May contracts here.

By Hessian fly will be important, and in the absence of any milling demand for wheat, it is likely that the big longs in May delivery, who also own the contract stock in public elevators here, will attempt to squeeze the May shorts. In fact, this is about the only way now in sight to recoup possible merchandising losses on the cash wheat, in the event that there is no improvement in the milling demand and that it will be necessary to carry the wheat into next crop. Conservative cash grain men hold to the view that the big longs in May delivery had a better chance to recoup the losses by squeezing the shorts than the July long has with the September discount before him or the September long has with the export demand for his ultimate jumping off place.

Bulls in wheat are pinning their faith to the theory that the winter wheat crop is badly deteriorating and that the present big leaders will be able to force prices higher, regardless of export or milling demand. While there are many who believe that the losses to the winter wheat by Hessian fly will be important, and probably enough to bring the public into the market to buy on a large scale, there are others who believe that the losses will be so small that the wheat crop will be able to stand the test of the Hessian fly. The latter view is held by those who believe that the Hessian fly is a new pest, and that the wheat crop will be able to stand the test of the Hessian fly. The latter view is held by those who believe that the Hessian fly is a new pest, and that the wheat crop will be able to stand the test of the Hessian fly.

And Thus Cured a Scalp Disease Like Scald Head—It Had Lasted Several Months and Made Most of the Sufferer's Hair Fall Out.

## TROUBLE SOON GONE AND NEVER RETURNED

"When I was ten or twelve years old I had a scalp disease, something like scald head, though it wasn't that. I suffered for several months and most of my hair came out. Finally they had a doctor to see me and he recommended the Cuticura Remedies. They cured me in a few weeks. I have used the Cuticura Remedies, also, for a breaking out on my hands and was benefited a great deal. I haven't had any more trouble with the scalp disease. Miss Jessie F. Buchanan, R. F. D. 3, Hamilton, Ga., Jan. 7, 1909."

## BABIES' SKINS

Should Know Only Cuticura Soap—Pure, Sweet, Economical.

Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura Ointment, united with the purest of cleansing ingredients and most refreshing of flower odors, Cuticura Soap is unrivaled for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children. In the preventive and curative treatment of torturing, disfiguring eczemas, rashes, itchings, irritations, inflammations and chafings from infancy to age; for the sanative, antiseptic cleansing of ulcerated, inflamed mucous surfaces and for many other uses which readily suggest themselves to women, especially mothers, Cuticura succeeds when all else fails. Guaranteed absolutely pure and may be used from the birth of birth.

## INDIGESTION GOES.

## Gilbert Sells Best Prescription On Earth on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness, are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using MI-O-NA stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all the specialists on earth.

A large 50 cent box of MI-O-NA stomach tablets is all you need to get quick and lasting relief.

Mrs. Altie Elson, of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in as good health as ever, and has a good strong stomach and eats anything she likes, she attributes her present good health to the use of MI-O-NA. "If you have heartburn, belching of gas, heaviness or any stomach trouble no matter how chronic, try MI-O-NA stomach tablets on money back plan. Sold by druggists everywhere and by W. J. Gilbert who guarantees them."

scale, there are probably few among them who seriously believe that the crop will be curtailed to a point where this country will be entirely independent of an export demand.

## Started on Decline.

Samples of wheat plants badly infested with Hessian fly larvae at the root were received during the week. Illinois and Missouri samples showed that the plant had stood well and was healthy except for the infected stocks, which were usually the parent stem in the center of the clump. Experts asserted that there would be no further spread from the present location and that the yield of wheat would not be materially affected. Reports of the presence of the fly also were received from Tennessee, Ohio and Indiana.

Wheat started the week with a severe decline on reports of a liberal rain through Kansas and Nebraska. The market rallied later in the day, but closed with net losses. An active business was done at the extremes of the market, but the volume of trade was moderate at the intermediate levels. Buyers were indisposed to follow the market above Saturday's closing figures, and sellers were not inclined to feel aggressive after the early break. Nevertheless, a great many weak longs were sacrificed during the early decline and overzealous short sellers were forced to cover on the later advance. Strong interests took the wheat on the slump, and there was equally strong selling on the advance.

## Speculators Buy.

On Tuesday the Hessian fly reports began to come into the market and except for a momentary dip at the opening, the market advanced rather sharply. The scarcity of offerings was another influence from the opening of the market. The effect of the big concentration of holdings that had been going on for some time was plainly shown. Speculators of the larger sort caught the drift of affairs early and bought freely. A number of shorts who had been previously fighting the advance not only covered short wheat, but went long.

Realizing sales by miscellaneous longs and short selling by larger room traders was principally responsible for a moderate backset in prices on Wednesday. The May delivery, however, was unaffected by the pressure of the new crop months. Suspicions were numerous that leading longs in September wheat were quietly unloading at various times throughout the day, although there was little evidence of it. This induced a great deal of selling by their followers, but the really important pressure came from larger local houses who had bought more or less on Tuesday. Small traders made an early raid on the market, but soon oversold and were forced to cover on a fair rally.

## Bulls Aggressive.

On Thursday aggressive action on the part of the bull forces turned a weak and lower market into a strong and higher affair. May delivery advanced sharply because of buying by shorts and aggressive bulls. The strength in the May delivery frightened the shorts in other months, the selling by the latter at the close of the previous day having been overdone. Offerings dried up very rapidly and the early loss was recovered. Quite a number of the local speculators fought the advance, but worked with a great deal of caution. Their only net result was frequent, though not extensive losses.

Wheat was lower and looked tired up to the last hour of Friday's session, but it not only made up all loss in the last few minutes of trading, but scored good gains besides. The early weakness was principally due to general and heavy rains in Kansas, Nebraska and South Dakota, as well as fair rainfall in western Iowa and most of Missouri. The last hour of the session brought a renewal of bull operations based on nearly 4,000,000 acres abandoned in eleven states and lowering of condition through April and the first week of May, according to the St. Louis Modern Miller. The report was based on advices from millers in eleven states, and showed deterioration during April. Drouth, with high winds in Kansas and Nebraska and ravages

of Hessian fly and chinch bugs were the damaging causes. The abandoned acres in the states reporting is 3,856,000 acres. Kansas abandoned 2,168,000 acres; Nebraska, 775,000 acres; Missouri, 341,000 acres, and Illinois, 184,000 acres.

## May Wheat Gains.

May wheat last week scored a gain of 5 cents over the close of the previous week. July was 1 1/2 cents higher and September advanced 1 1/2 cents.

While there was not much business transacted in July and September corn there was a sharp demand for May delivery. Delivery on May contracts have been quite large so far, and all the grain has gone into strong hands, a good part being taken by local industries. The strength in wheat helped corn materially. No improvement was reported in sales of cash corn for shipment, but nevertheless there was further withdrawal from public elevators, and there was every indication that the daily sales of corn for shipment were much larger than the trade reported. There were daily cancellations of corn for shipment from public elevators in addition to the shipments that were being made from private warehouses.

May corn last week advanced 2 1/2 cents, July and September each gained 1/2 cent.

## May Oats Stronger.

Deliveries on May oats contracts thus far have been light, with the result that May prices were relatively stronger than the other futures. Shorts and elevator interests bought the May delivery freely, while miscellaneous longs were unloading distant months. The weather and crop news was excellent for the growing crops. May oats advanced 1 1/2 cents for the week. July and September gained 1 1/2 cents.

Provision values were materially helped last week by the local registrar's showing of light stocks in Chicago and by the statement of the world's available stocks of lard. The latter showed exceedingly liberal consumption in Europe last month, despite high prices. Local shorts were good buyers and there was some investment buying through commission houses. Scarcity of offerings of May lard also affected values. There were a few sales for export. Meanwhile popular sentiment was strengthened and there was fairly persistent buying of lard and ribs by brokers who were thought to be acting for Armour.

Foley Kidney Pills are antiseptic, tonic and restorative and a prompt corrective of all urinary irregularities. Refuse substitutes.—Gilbert's Drug Store.

Gondolas are being displaced by motor boats on the main canals of Venice, but they hold their own in the 124 side canals.

## GRANDMA'S OVER THE RHEUMATISM

This is not a joke, not an attempt to amuse, but to show the joy one feels to be free from the torturing bonds of rheumatism. To feel the limbs once more supple and free from pain, free from soreness, stiffness and weakness, to be able to stand on the feet, to walk, to dance. The sufferer can appreciate this joy—the joy of health, the joy of good, long nights of peaceful sleep, the joy of getting up in the morning fresh, clear-headed, light-hearted; the joy of living, the sunshine.

The rheumatic sufferer will appreciate these great blessings, for she knows what it is to be denied them. She will appreciate a medicine that brings these joys. She will appreciate Barkola Globes, for a few doses will show her that there is still sunshine in her life, that there is health for her, that there is freedom from rheumatism, freedom from pain. A few doses of Barkola Globes will make the kidneys and bladder strong, will relieve the necessity of getting up in the night, will stop backache, stop all the rheumatic soreness, all the pain, take out the stiffness, and let into the tortured body the bright, glowing sunshine of health.

It will not take weeks of patient treatment to prove that there is still hope; a few doses will be enough—not enough to cure, perhaps, but to convince.

Why suffer when you know you can be well? Just drop in at Gilbert's Drug Store, Fourth and Broadway, or some other good drug store, and get a box, or send fifty cents to the Old Fort Chemical Co., Port Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

## S.S.S. CURES BLOOD HUMORS

The skin is provided with countless pores and glands, through which an evaporation is going on continually, day and night. This is Nature's method of regulating the temperature of our bodies, and preserving the natural appearance of the skin. These pores and glands are connected with tiny veins and arteries through which they receive from the blood the necessary nourishment and strength to preserve their healthy condition.

Just as long as the blood remains pure the skin will be free from eruptions, but when the blood becomes affected with acids and humors its nourishing and healthful properties are lost, and its acid, humor-laden condition causes inflammation of the delicate tissues and fibres of the pores and glands, and the effect is shown in Eczema, Tetter, Salt Rheum, Pimples, Rashes, etc.

The humors and acids get into the blood through a deranged and inactive condition of the system. Those members whose duty it is to collect and expel the refuse matters of the body fail to properly do their work, and a surplus amount of sour and ferment and is absorbed into the blood. Salves, washes, lotions, etc., are valuable only for what ability they possess to keep the skin clean, allay itching and temporarily reduce inflammation. They cannot cure skin trouble because they do not reach the blood.

S. S. S. cures Skin Diseases of every character and kind because it is the greatest of all blood purifiers. It goes into the circulation and removes the acids and humors that are causing the trouble, builds up the weak, acid blood and completely cures Eczema, Acne, Tetter, Salt Rheum, Pimples, Rashes, and every variety of skin eruption and affection. When S. S. S. has driven out the humors and acids from the blood, every symptom passes away, the skin is nourished with rich, healthful blood, the tissues are relieved of all inflammation, natural evaporation again takes place and the skin becomes soft and smooth and perfect. Book on Skin Diseases sent free.

## COMING SOON

ROBINSON'S SHOW WILL BE HERE TOMORROW.

Nashville Banner Has Good Word to Say for the Performance.

The Robinson Famous Shows will arrive early Wednesday morning over the Illinois Central and will positively give two performances, rain or shine.

The tents will be pitched on the show grounds at Thirteenth and Kentucky avenues, in the rear of the high school buildings.

The Robinson Famous Shows mark a departure in the world of amusement for they have departed from the beaten path of the preparation of their big program and these shows mark a real innovation and proudly claim the title of being the most modern circus in America today.

The Nashville Banner, May 7, says: Robinson's Famous Shows gave two performances yesterday to big crowds, and while not as stupendous as the Ringling's and Barnum, embrace all the better elements of large organizations, with the advantage that only two rings are used for acts at the same time, and the audience is thus enabled to see all that transpires.

The many features of Robinson's shows are too numerous to mention but it may be well to say that there was no lack of bare-back riding, tight rope and slack wire artists, acrobats, aerobats, high school horses, trained animals, trapeze and mat performers, contortionists, etc. etc.

One of the most interesting and exciting features was the exhibition given by the trainers of performing jaguars, lions and elephants. The amount of control exercised by a man over a fierce beast, who could with a blow of his paw, strike him senseless, was wonderful. The savage lions, especially, appeared to resent the restriction placed upon them, and an attendant with a pistol in his hand stood by the steel case during this act. These animals have great respect for firearms and several times the trainer was forced to draw his pistol to subdue one of the male lions.

Wednesday morning at 10 o'clock a. m., the grand street parade will leave the show grounds and will traverse the main streets. The afternoon performance starts at 2 o'clock, the night performance at 8 o'clock and the doors will open at 1 and 7 o'clock.

## Home Course In Live Stock Farming

## XI.—Raising Draft Horses.

By C. V. GREGORY, Author of "Home Course in Modern Agriculture," "Making Money on the Farm," Etc.

Copyright, 1909, by American Press Association

**R**aising draft horses is one of the most profitable branches of live stock farming. It can be carried on to good advantage in connection with general farming, since the brood mares can be used for field work. Five or six brood mares will easily do all the work on a quarter section. In this way they will pay for their feed and care, leaving the colts for profit.

In selecting mares from which to raise draft colts size is an important consideration. A horse has to weigh at least 1,600 pounds to come in the draft class. Every pound that he weighs over that will add at least 25 cents to his value.

**Judging Draft Horses.** After size the next point to consider is appearance. A draft mare should be wide, deep and massive. She should be fairly low set, but not so short legged that she cannot move well. She should be symmetrical—that is, all parts in proper relation to each other.

Together with these other points should come draft conformation. The head should be of fair size, clean cut, with the face slightly dishd and the eyes large, bright and expressive. A small "pony" head is very undesirable. A draft horse with too much neck is seldom found, though over-short necks are rather common. The

FIG. XX.—GOOD TYPE OF DRAFT MARE.

neck should be full as well as long. The neck of a mare should not show any tendency to the crest that marks the stallion. Masculine characters in a mare or feminine characters in a stallion indicate that they will not make reliable or prepotent breeding animals.

The shoulder should be neither too straight nor too sloping. A straight shoulder interferes with action and is usually associated with a stubby pastern and generally with a long back as well. In light horses the more sloping the shoulder the better, since this conformation is favorable to long or high action. In draft horses too sloping a shoulder brings the point of draft too high and may even cause the collar to slip up and choke the animal. The face of the shoulder should be broad to give a good bearing surface for the collar. The top of the shoulder should not be open or coarse and should blend well into the back.

The back of the draft horse should be as short as possible from the top of the shoulders to the hips. A short coupled, compact horse can handle himself better than one with a long, loose coupled and often swayed back. The ribs should be well sprung, long and close together. The space between the last rib and the pelvic bone should not be over three or four inches. The loin should be wide and heavily muscled. The region from the hips back, called the croup, should be broad, long and not too sloping. It is the hind quarters that furnish the propelling power, and size and massiveness here are all important points. The thighs should be heavily muscled both inside and out and should be broad when viewed from the side. The muscling on the inside of the thighs should extend well down.

Next in importance is constitution. This is indicated by a deep, wide chest, a full fore flank, large nostrils and a deep barrel. A horse that is tucked up in the hind flank tires easily and cannot be kept up in flesh when at work. This is an especially bad fault in brood mares.

Quality is very important, as it indicates endurance or staying power. A small horse of good quality will do more work than a coarse, loosely put together animal 500 pounds heavier. Quality is indicated by a fairly thin, pliable skin; fine, glossy hair; cleanliness of head and clean legs. The tendons at the back of the legs should stand out clearly, giving the canon a flat appearance. There should be as little meatiness as possible at the hock and between the tendons and the canon bone. The hoof should be of dense, hard horn, and in hairy legged breeds the feather should be fine and silky.

There is an old saying, "No foot, no horse." The feet and legs are very important, since they must do the propelling and receive all the hard knocks of heavy service. The forearm and gaskin should be heavily muscled. The muscles in these regions cannot be easily covered with fat, so their size is an indication of the animal's muscling throughout. The forearm and gaskin should be long as compared with the canon. The pasterns should slope at an angle of about forty-five degrees with the ground. A sloping pastern absorbs the shocks of traveling on hard roads and pavements. Unsoundnesses are very likely to develop on short pasterned horses. In moving the

horse should go straight, with a long, easy stride.

**Unsoundnesses.** Animals with serious unsoundnesses should not be used for breeders. Slight unsoundnesses in mares are not so objectionable as in stallions, since the mare does not influence nearly so many colts. Unsoundednesses are not transmitted to colts, but the weaknesses that are usually responsible for unsound conditions are often transmitted. The principal unsoundnesses are, ringbone, sidebone, spavin, bog spavin, thoroughpin and curb.

Sidebone is a bony formation at the hoof head toward the heel. Ringbone may be found in the same place, extending all the way around, or it may be higher up on the pastern, in which case it is known as high ringbone. Spavin is a bony formation on the inside of the hock. Curb is a bony enlargement at the back of the leg just below the point of the hock. It is most usually found on "sickle hocks." It can be readily noticed by looking at the leg from the side. Bog spavin is a soft enlargement on the inside of the hock. Thoroughpin is a smaller enlargement extending through the joint, where it can be felt in the web of the hock. Neither bog spavin nor thoroughpin is serious unless very large.

The stallion should possess the same general characteristics as the mares. He should show masculinity in a strong head, a nose inclined to be Roman rather than dishd, a fairly heavy crest and a large chest. In selecting a stallion to breed to do not pick out the cheapest one in the neighborhood. Five or ten dollars' difference in the service fee will mean \$50 to \$100 difference on the price of the colt when it is four years old. If there is not a good stallion in your immediate neighborhood, take your mares ten miles or more if necessary, but do not use an inferior stallion. Often fifteen or twenty farmers can go in together and buy a company stallion. Do not buy a horse that is "peddled" by a smooth tongued agent. Such a horse is likely to be one that could not be sold in any other way, and you will generally pay twice or three times what it is worth. The best plan is to organize the company first and then send a competent man to some reliable horse establishment to pick out the stallion.

## The Value of a Pure Bred Stallion.

The question of breed is largely one of individual preference. If the mares of the neighborhood are nearly all grades of some particular breed it will pay to get a horse of that breed. Be careful in the selection of a breed and then stick to it. Nothing will produce a mongrel lot of horses more quickly than changing breeds every few years. Above all, get a pure bred. A grade may be a good enough individual, but he will not have the long line of improved ancestry back of him on both sides to give him the prepotency that a pure bred has. The grade has mongrel blood in him, and it is bound to crop out in his colts.

Entirely too much stress is laid on the value of imported stallions. For all practical purposes home bred animals are just as good and can be purchased for much less money. Size in a stallion is all important. A horse that weighs less than a ton in breeding condition should not be used. The mere fact that an animal is bred in a foreign country cannot add anything to his actual value, and the reasons that such an importation is rated higher than the domestic product are chiefly sentimental. It is time that this unwarranted discrimination should be brought to an end.

Never patronize an overfat stallion. Fat is a convenient means of covering defects, but it is hard on the animal's breeding powers. When the stallion is not in service he should be given plenty of exercise, preferably at some kind of work that is not too severe. He should be in good condition and good spirits when the breeding season opens. During the breeding season he should be given regular exercise and plenty of it. His feed should consist largely of oats, with a little corn, and an occasional mash with a little oilmeal added. Good, bright timothy or clover hay in limited quantities will make up the roughage part of the ration.

The stallion should be well trained and kept under perfect control. Not more than two mares should be served

FIG. XXI.—GOOD PERCHERON STALLION.

In a day, and this but seldom. A hundred mares during the season is all that a mature horse should be allowed. If artificial impregnation is used, either by capsule method or the impregnator, the number of mares may be nearly doubled. Artificial impregnation is certain and a great saving on the horse. It is coming more into use every year. Where this method is used a mare seldom has to be returned for a second service.

**THE HIGH COST OF LIVING** Increases the price of many necessities without improving the quality. Foley's Honey and Tar maintains its high standard of excellence and its great curative qualities without any increase in cost. It is the best remedy for coughs, colds, croup, whooping cough and all ailments of the throat, chest and lungs. The genuine is in a yellow package. Refuse substitutes.—Gilbert's Drug Store.

The income tax is popular with the majority because it is only hits the minority.

## ITCHING ERUPTIONS QUICKLY COOLED.

Just a few drops of oil of wintergreen properly compounded in the thymol, glycerine, etc., and applied to the skin will take away instantly the worst kind of an itch. We positively know this.

The D. D. D. Prescription made at the D. D. D. Laboratories of Chicago, seems to be just the right compound. It sells regularly at one dollar a bottle, but we have secured a limited number of special bottles for a trial at 25 cents on a special offer, and advise you to take advantage of this offer now, as we do not know how long the Laboratories in Chicago will continue the 25 cent offer.

We KNOW you can take away that itch TONIGHT.—R. W. Walker Co.

The mere fact that a girl has golden hair doesn't prove that she is brilliant.

## When Claiming Descent.

When claiming descent from a poet it is advisable to select one's ancestor with care. A prominent figure in Bohemian circles of 50 years back one day boasted that he could trace his descent in a direct line from Addison. James Hannay, who was present remarked, "Addison left only one child, a daughter, who, is generally believed, died unmarried. This seems to show that your claim is false. As, however, the unfortunate girl was a congenital idiot, there may be some basis for it, after all."—London Chronicle.

## WHAT EVERYBODY WANTS

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted. Foley's Kidney Remedy will restore your kidneys and bladder to their normal state and activity.—Gilbert's Drug Store.

## In Doubt.

"Where are you going to spend your vacation next summer?" "Don't know yet. No one's come through with an invitation so far."—Detroit Free Press.

Foley Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments.—Gilbert's Drug Store.

Mother—Children, I am shocked. You each promised me faithfully you would not eat your oranges until after dinner. You have deceived me.

Willis—No, mamma; we didn't eat our own oranges. Tommy ate mine and I ate his.—Boston Transcript.

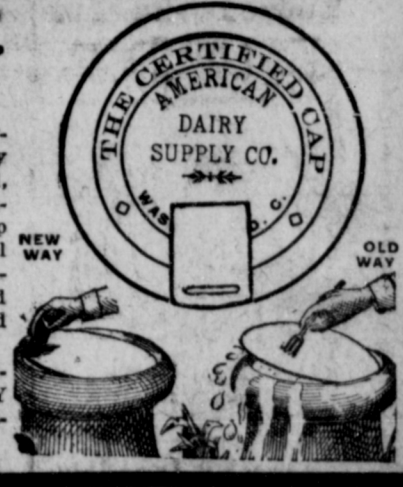

## Look at the Companies Behind Your Fire Insurance

A few weeks ago, in a very nearby town, one of the most prominent merchants lost his entire stock of goods by fire. He was fully insured, he thought.

When time for settlement came however, he found the one company in which he had the biggest insurance, was insolvent, BROKE, and the loss wiped the merchant out of business.

## Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spanier of Stratonsville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is the one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 600, Caldwell building, Monticello, Ill.

### Dutch Names in Art.

Judging by the utterly uninspired names they gave their pictures, the Dutch masters never could have sold a short story to a magazine.—New York Post.

### HEALTH AND VITALITY

PRACTICAL DEMONSTRATIONS ON THE

CELEBRATED

Buck's  
White Enameled  
Gas Range

See how easily it operates.

Why the ovens and broilers will not rust out.

Why it is the most economical of all Gas Ranges.

Why you should make a Buck's White Enamel Gas Range your range.

Mornings, 10 to 12.

Evenings, 2 to 6.

## The Evening Sun's Daily Markets.

**Local Produce.**  
Corrected daily by Woolfolk, Bowers & company.)  
Eggs (dozen) ..... 15 cents  
Hens (pound) ..... 12 cents  
Butter (packing stock) ..... 15 cents

**LIVE STOCK.**  
Loulsville, May 10.—The receipts of hogs were 2,017 head, as against 2,744 last Monday, 3,914 a year ago and 3,523 two years ago. The market was slow in opening, sellers holding out for steady prices, but the buyers balked at the proposition, and bid flat 10c lower on all grades, finally carrying their point; all the good hogs, heavy, medium, light and heavy pigs, 90 pounds and up, selling \$9.40; light pigs, \$8.40; roughs, \$8.70. The pens were well cleared and the market closed steady.

**Cattle.**  
The receipts of cattle today were 1,083 head, as against 1,302 last Monday, 1,065 a year ago and 1,127 two years ago. There was about the usual attendance of local traders and butchers in evidence, and some few out-of-town buyers, yet the market did not display the activity that should have existed by reason of the moderate local supply and favorable condition of other markets, the trade was sluggish throughout the day. Heavyweight butchers continued in popularity. That class scarce and ready sale at steady figures, while medium and inferior kinds were dull and draggy, barely steady with the close of the week, some thought a little lower. Feeder and stocker market very quiet. Good inquiry for high-grades; others neglected. Bulls dull and lower; canners and cutters draggy. Choice (milk cows) and good springers steady; common dull. No prime export cattle here. Feeding steady. Quite a string of shoppers on sale.

Trade slow, some thought about steady to a shade better, while others held the market was hardly as good as last week on that class of cattle.

**Calves.**  
Receipts, 106 head. Market about steady. Bulk of the best, 7@7 1/2c. Some few fancy higher. Medium, 5 1/2@7c; common, 2 1/2@5c.

**Sheep and Lambs.**  
Receipts, 614 head. The market ruled firm and higher on good, fat sheep. The best shorn sheep selling around 6@6 1/2c, while wool sheep will bring 1/2c more. Best fat lambs, 7 1/2 down. Common sheep and trashy; cut lambs hard to sell. Choice spring lambs, 8@10c. Common springers not wanted.

St. Louis.—Cattle—Receipts 3,000; market higher; native beef steers \$6.70@8; calves in carload lots \$4@8.25. Hogs—Receipts 7,000; market 5@10c higher; pigs 6@9.50; packers \$9.35@9.60; butchers and best heavy \$9.40@9.65. Sheep—Receipts 2,500; market steady; native muttons \$7@7.90; lambs \$7.50@9.

**Foreign Tobacco Buyers.**  
Visiting the tobacco sections of America, J. J. Vander Leeuw and A. H. J. Canters, tobacco manufacturers of Rotterdam, Holland, were in Paducah yesterday visiting their local representative, W. B. Kennedy. They completed a tour of the Black Patch when they reached Paducah, and early this morning left for Louisville and New York before sailing for their home across the pond. They were delighted with their visit to Paducah.

Over eight thousand gardens are cultivated in connection with Austrian schools the pupils receiving expert tuition in horticulture.

**Reformed Too Soon.**  
An eminent speaker at the Congregationalist meeting in the First Congregationalist church, East Orange, was telling the other day of a westerner's opinion of the east. "This man," said the speaker, "was a prominent churchman and had occasion to visit New York, where he remained for a few days. In writing of his experiences to his wife in the west he had this to say: 'New York is a great city, but I do wish I had come here before I was converted.'"—Newark Star.

Lots of dreamers wake up when the courtship ends in marriage.

**TO-NIGHT  
CASCARETS**  
THEY WORK WHILE YOU SLEEP. All Druggists

## NOTICE
